

Comrades,

We have started our new year off. Having just returned from the National Convention, we should be ready to start working the programs and membership.

Later this month I will be traveling back to Kansas City for the National Council of Administration. This is one of our most important meetings that we have during the year. I have asked for a breakdown of the money the Departments are given for the Service Officer program, and how the amount is determined. With that, stand by for more information on that front. Even if we are able to have that amount changed, it would likely take a year to implement.

If wish you all a very productive year. Contact me if you have any issues that you would like me to take to National for you.

YIC,

Shawn Watson
National Council Member
